Office of the President, District Board,

Kolar District,

Dated, Kolar, the 13th December 1930.

From

L. VEMA REDDY, Esquire,

President, District Board, Kolar.

To

The Secretary to the Government of

Mysore, Law Depts., Bangalore.

Thro'

The Deputy Commissioner, Kolar District.

Sir,

I have the honour to state that the question of giving necessary training in Vaccination to the Vaidyas and Hakims having been urged at the District Conference held in July last, the subject came up before the District Board at their meeting held on 3-11-1930 and the Board have resolved that arrangements be made to send all the Pandits and Hakims for training in Vaccination and that, before this is done, the Government be requested to issue instructions to the Superintendent of Vaccine Institute, Bangalore to give necessary training to them when they are sent( Vide copy of the resolution of the Board attached).

I accordingly request that orders of Government may kindly be passed re: the admission of the pandits and Hakims to the Vaccinator's training class at Bangalore.

I have the honour to be,
Sir,
Your most obedient servant,

President,
District Board, Kolar.

Forwarded with Compliments

*His Highness The Maharaja of Mysore,*
*Bangalore.*

TO,

N.Madhava Rao, Esq., B.A., B.L.,
Chief Secretary to the Government of
H.H. the Maharaja of Mysore, Bangalore.

SIR,

With reference to your No.G. 7483/Sany. 49-30-2 dated the 10th January 1931, forwarding copy of the letter No. O.C. 263 of the 30th December 1930, from the President, District Board, Kolar, about the training of Vaidyas and Hakims in vaccination work and calling for my views in the matter, I have the honour to state that the District Board has not indicated in its recommendation the object of such training. With a view to elicit information on this point, I addressed the President in my office No.C. 507-4 of the 18th January 1931 (copy enclosed for reference). I have not been favoured with any reply till now.

It may be presumed that the object of the proposed training is to employ the trained on vaccination work, either as routine or under emergencies during small-pox epidemics or as eventual substitutes for the whole time vaccinators. I am afraid the Vaidyas and Hakims are the least likely to fulfil any of these objects. These are professional men who will be fully engaged with their normal professional work as to leave them hardly any time for vaccination work. Again their temperament and outlook by reason of their previous training and leanings, are not calcula ted to enable them to acquire easily and practice satisfactorily the highly technical skill required in vaccination or to maintain

9

maintain it after such acquisition owing to lack of sufficient opportunities for work. Further these men, as a rule, handle cases of skin and venereal diseases and other communicable diseases in a manner which provides for no subsequent satisfactory cleansing of their hands. Under the circumstances the risk to the vaccinated is by no means small. In their professional training there is no provision for attention to even the rudimentary preventive side of the disease.

If it is contended that these men will be available for work in the towns and villages where their dispensaries are situated, the number of cases they are likely to do are so few that they can be quite easily managed by the whole time vaccinators or the Sub-Assistant Surgeons.

Vaccination work involves maintenance of a number of forms and registers. The work is also subject to inspection and supervision. The Vaidyas and Hakims will hardly be able to do the scriptoral work and least likely to submit themselves to supervision. They can shirk responsibility on the score of professional work.

There is a limit to the number of men that can be given training in the Vaccine Institute. If Vaidyas and Hakims have to be found seats here, question of employing a whole time training staff naturally arises. Even granting that this is done difficulties in providing practical field work would crop up.

The policy of saddling the same man with multifarious responsible duties particularly those involving specialisations cannot be commended. I therefore do not recommend for favourable consideration the suggestion of the District Board.

I have the honour to be

Sir,

Your most obedient servant

Director of Health.

Director of Health with the Government of
H.H. the Maharaja of Mysore, Bangalore.

Rec'd 13 Feb 1931

N.Madhava Rao, Esq., B.A., B.L.,
Chief Secretary to the Government of
H.H. the Maharaja of Mysore, Bangalore.

Sir,

In continuation of my letter No.C. 507-5 dated the 6th February 1931 in regard to the training of Vaidyas and Hakims in vaccination work as recommended by the President, District Board, Kolar, I have the honour to state that I have since received a communication from the President explaining the object of such training. Copy of his letter is herewith enclosed.

I have in my letter discussed the subject fully and completely covered the ground, I may again state that the proposal of the District Board is, in my opinion, not sound in policy or practice.

I have the honour to be

Sir,

Your most obedient servant

Director of Health.

12

Letter No. O.C. 263/30-31 dated 4th March 1931 from the President, District Board, Kolar, to the Director of Health with the Government of Mysore, Bangalore.

---

With reference to your letter No.C. 507-4 dated 28th January 1931 in regard to the training of Vaidyas and Hakims in vaccination work, I have the honour to state that the Vaidyas and Hakims are now stationed in ceatres of population and that with a view to promote vaccination among children in such centres, it is proposed to give necessary training to them and utilise their services for vaccination work also. Just like vaccinators, they will also work under the direct supervision of the Sanitary Inspectors and District Health Officer so far as vaccination work is concerned. The services of vaidyas and hakims trained in vaccination will also of a great advantage to the District Board when compulsory vaccination which is said to be under consideration of Government is introduced in the District.

4. Letter No. C. C. 263—30-31, dated the 15th December 1930, from the President, District Board, Kolar District, proposing that the Vaidyas and Hakims may also be given training in vaccination.

ORDER THEREON No. G. 10116-37—SANY. 78-29-18, DATED 4TH APRIL 1931.

The Director of Health brought to the notice of Government that the rules issued with Government Order dated the 9th June 1920 read above, for regulating the training and employment of vaccinators were defective in certain respects and did not suit present requirements. With a view to ensure the selection of a better type of candidates for the training by the local bodies, the Director of Health has forwarded a revised set of draft rules for the approval of Government.

2. The draft rules were referred to the Deputy Commissioners, the Presidents of District Boards, the City Municipal Councils of Bangalore and Mysore and the Sanitary Board, Kolar Gold Field. All of them have furnished their opinions except the President, District Board, Mysore District. The majority of the Officers are of opinion that the rules are generally suitable and may be adopted.

3. The draft rules forwarded by the Director are approved with slight modifications and appended to this order.

4. The Superintendent, Government Printing, is requested to print and supply 500 copies of the rules and form to the Director of Health.

N. MADHAVA RAO,
*Chief Secretary to Government.*

No. G. 10116-37 -Sany. 78-29-18, dated 4th April 1931.

## RULES REGULATING ADMISSION TO THE TRAINING CLASS IN THE GOVERNMENT VACCINE INSTITUTE, BANGALORE, FOR CANDIDATES TO QUALIFY THEMSELVES FOR VACCINATOR'S APPOINTMENT.

1. *Sessions.*—The period of training will be for three months and there will be three sessions in the year, *viz.*, February to April, June to August, October to December.

Applications for admission to the respective sessions should reach the Superintendent, Vaccine Institute, in the prescribed form on or before 15th January, 15th May and 15th September, respectively. The number of candidates that may be admitted to any session shall not ordinarily exceed ten.

2. *Qualifications for Admission.*—(*a*) No candidate will be admitted unless he has passed the English Lower Secondary Examination with Hygiene as optional subject and has good knowledge of Kannada, reading and writing.

(*b*) He shall also be above 20 and below 25 years of age.

The Director of Health may, however, exempt such persons as may be specially recommended by local bodies from the operation of the above rule.

Recommendation for such exemption should reach the Director of Health on or before the 1st of the month preceding the session.

(*c*) Every candidate shall furnish a certificate of Physical fitness from a duly qualified Medical Practitioner of and above the rank of Sub-Assistant Surgeon.

3. *Nominations by local bodies.*—(*a*) Candidates should ordinarily be nominated by the local bodies concerned with an assurance that there is a reasonable prospect of the nominees being employed as Vaccinators within six months from the date on which they are declared to have qualified for such employment.

(*b*) Each District Board should nominate only one candidate duly qualified according to the rules, the requisite certificates and orders of Director of Health, if any, as per sub-para under Rule 2 (*b*) above being enclosed with the application form.

(*c*) Such nominations should reach the Superintendent, Vaccine Institute, on or before the 15th of the month preceding the commencement of the Session, failing which they will be considered only for the subsequent session.

(*d*) Two seats in rotation will be reserved for the Municipalities of the State sending up nominations according to the rules.

4. *Private Candidates.*—If the nominations by the local bodies fall short of the required number for any session, the Director of Health may at his discretion admit private candidates duly qualified under the rules to make up the difference.

5. *Fees.*—No tuition fees will be levied from the candidates nominated by local bodies, who will bear all incidental charges connected with the maintenance and travelling expenses of their nominees. Private candidates admitted under rule 4 shall pay a tuition fee of Rs. 30 for the course and bear all other incidental charges connected with their training.

6. *Field Training.*—(i) Candidates should be prepared to undergo field training in any part of the State to which they may be deputed, by the Superintendent, Vaccine Institute, for the purpose.

(ii) The local body nominating a candidate will have to bear incidental charges such as actual travelling expenses not exceeding Rs. 15 and maintenance expenses of the candidate, *viz.*, Rs. 15 per mensem for three months.

(iii) They shall bear their own charges, tuition fee, being not inclusive of such.

7. *Attendance.*—Candidates under training shall put an attendance of 90 per cent of the working days in the Session, to qualify themselves for admission to the Examination which will be held at the end of the course.

8. *Minimum for Pass.*—No candidate shall be declared to have qualified himself for a certificate unless he obtains 50 per cent in the theoretical and 80 per cent in the practical and *viva voce* portions of the Examination.
